The screenshot shows a Magento 2 dashboard with a sidebar on the left and a main content area. At the top, there is a yellow warning banner: "One or more indexes are invalid. Make sure your Magento cron job is running." Below this, the dashboard title is "Dashboard" with a search icon, a notification icon, and a user profile icon labeled "admin". A "Reload Data" button is located in the top right corner.

The main content area features an "Advanced Reporting" section with a "Go to Advanced Reporting" button. Below this, there are several data points and tables:

- Lifetime Sales:** €769.80
- Average Order:** €76.98
- Last Orders:** A table with columns for Customer, Items, and Total. It shows four rows of data.
- Last Search Terms:** A table with columns for Search Terms, Results, and Date. It shows one row of data.

There are also several summary cards and filters visible, such as "Orders" and "Amounts" tabs, a "Last 24 Hours" filter, and a "No Data Found" message. A "Bestsellers" section is also present with tabs for "Bestsellers", "Most Viewed Products", "New Customers", and "Customers".

Overzicht personaliseren

De overzicht pagina's zijn aan te passen zodat u altijd een gepersonaliseerde pagina heeft. U bepaalt zelf hoeveel producten per pagina getoond worden. Daarnaast kunt u via *Columns* makkelijk kiezen welke kolommen zichtbaar moeten zijn.
