The screenshot shows the Magento 2 Admin Dashboard. At the top, there is a yellow warning banner: "One or more indexes are invalid. Make sure your Magento cron job is running." and a "System Messages: 1" dropdown. Below this is the "Dashboard" header with a search icon, a notification bell, and a user profile "admin". A "Store View" dropdown is set to "All Store Views", and a "Reload Data" button is on the right. The main content area is titled "Advanced Reporting" with a sub-header: "Gain new insights and take command of your business' performance, using our dynamic product, order, and customer reports tailored to your customer data." and a "Go to Advanced Reporting" button. The dashboard features several key metrics: "Lifetime Sales" at €769.80, "Average Order" at €76.98, and "Last Orders". The "Last Orders" table has columns for Customer, Items, and Total, with one row showing 2 items for a total of €379.90. To the right of the table, there are tabs for "Orders" and "Amounts", a "Last 24 Hours" filter, and a "No Data Found" message. Below this, there are summary cards for "Revenue" (€0.00), "Tax" (€0.00), "Shipping" (€0.00), and "Quantity" (0). At the bottom, there are tabs for "Bestsellers", "Most Viewed Products", "New Customers", and "Customers", with a "We couldn't find any records" message below them. A vertical sidebar on the left contains icons for various admin functions: Dashboard, Sales, Catalog, Customers, Marketing, Content, Magento, Reports, Forms, Stores, System, and Magento Extensions.
